“ As a public servant, I support the DoD in the federal procurement space. I have attended Defense Leadership Forum Summits in recent years across multiple topics of focus and they continue to gather the great minds and valued contributors in American Federal Procurement. The network that continues to be built with the support of DLF is in the forefront of collaborative exchange and partnering for valued outcomes.

"I had a good time here at the conference. I just spoke on a panel about how small businesses can connect with large primes, I think it's a very valuable experience and I encourage everyone to come out."

- Matt Noordoff, Parsons, Supplier Diversity Office

"The Defense Leadership Forum conferences never disappoint. Their conferences offer informative sessions from Federal Government attendees as well as Industry partners. It's a great opportunity for small businesses to hear about what's going on in the federal government."

- Tyler Brooks-Craft, CGI Federal

This was a perfect event for networking and learning as a small business in the government contracting world. Well-run, great speakers, highly-relevant topics, and great attendees. Can't wait to bring my team to more of these events.

- Matt Hawkins, Founder, Aerospace Engineer & PM

This organization provides small businesses the best opportunity to meet with Agencies and Prime contractors in an intimate setting where they can have unlimited access to discuss opportunities and ways to make their businesses successful. I have been a speaker over the past few years advocating for small businesses and love interacting with such stellar small businesses.

Defense Leadership Forum

ABOUT US

The Defense Leadership Forum is a public service organization bringing together Congressional leaders, Pentagon officials, military base commanders, and business representatives to identify the best solutions to defend the United States.

We organize educational forums in the Washington, DC area and throughout the country. Our highly regarded conferences provide the latest information on Defense Department budgets; the mission and contracting priorities of the U.S. Navy, U.S. Army, U.S. Air Force, and U.S. Marine Corps; the mission and contracting priorities of specific military commands and military bases; and details on specific new military contracts in all areas of procurement, including ships, aircraft, tanks, missiles, ammunition, vehicles, electronics systems, communications systems, information systems, energy, intelligence, cyber security, military construction, facilities, military family housing, health, infrastructure modernization, and more.

The Summit organizers have brought together more than 150,000 government, military, and business leaders to identify solutions to enhance the defense and security of the United States. More than 1,500 speakers have participated.

OUR EVENT FORMAT

Bringing leaders together is more than a phrase, it is our motto.

At the **Defense Leadership Forum**, we strive to bring military, government, and business leaders together with one simple goal — **to provide the opportunity to build connections** — leading to shared resources, partnering, and information exchanges regarding contracting opportunities. Our forums include the latest information on the defense budget; new contracting opportunities with the Air Force, Army, Navy, and Marine Corps; new contracting opportunities in high-tech areas, especially AI and Cyber; and new contracting opportunities in the critical U.S. Indo-Pacific Theater. Join us for powerful general sessions with key leaders, matchmaking sessions with military officials and industry executives, cutting-edge exhibits, effective networking, and opportunities for post-event follow-up.

MATCHMAKING SESSIONS

Summit Matchmaking Sessions are an opportunity to participate in meetings with representatives from various government agencies, contracting services, prime contractors, and industry professionals -- to facilitate targeted information exchange and matching needs with resources and solutions.
